Grant program or activity, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen

The Board of Selectmen Voted: Favorable Action 5-0-0

The Finance Committee Voted: Favorable Action 8-0-0

ARTICLE 5

To see if the Town will vote to fix the salary and compensation of the following elective officers: Town Clerk and Town Moderator, and any other elective officers of the Town as provided by Section 108, Chapter 41, General Laws as amended and to raise and appropriate a sum of money therefore, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen

Inserted by the Board of Selectmen

The Board of Selectmen Voted: Favorable Action 5-0-0
The Finance Committee Voted: Favorable Action 8-0-0

Explanation:

This article traditionally deals w/ the Town budget and looking back at the suggestions incorporated into the April 2009 budget, many of the issues that were raised at that time were addressed. For instance, "Other Local Receipts" are now spelled out in more detail so that one can track variance in that large overall "account". In addition, "snow & ice" was and currently is, pegged at a considerably higher amount reflecting something approaching reality. We are exploring the notion, adopted by some other towns, that we might want to use a formula approach of some sort, perhaps w/ a "rolling average" to fine-tune the process even further. Two years ago, the Finance Committee suggested that legal expenses be further defined in order that we might gain insights into what areas of the Town seem not only to be spending the "most, but what the trends importantly be. That process, while on-going, is working reasonably well. We are getting inputs by functional area as to the costs associated w/ that function. Appropriations for lifeguards, a topic of much interest, are included in this budget for the

first time in several years. In addition, a modest amount has been set aside for Stabilization and we would hope that some sort of formula approach might also favor here as well.

Finally, it should be noted that benefits continue to rise and a point that may seem rather technical is really not that at all. Our pension fund manager is using an expected 8¼ % return looking forward to an environment that would suggest that a different and lower expected rate might be advisable. To put that in perspective, if the actual rate were to go to 5%, the annual cost to Wareham would go from \$2.5 million a year to about \$5.0 million. If one were to put that in a different perspective that would be the equivalent of 30 teachers either not hired or laid off, or on the Town side, 30 police officers. The Finance Committee feels strongly that at both the Town and State level that attention be paid to the benefit issues that face us.

Periodically during the fiscal year, budgets are adjusted to reflect unusual spending. In addition, new programs may be initiated where time constraints are such as to warrant moving ahead before the next legislative meeting (Town Meeting). The Reserve Fund has traditionally been a buffer of sorts to try and address these various concerns & issues.

Recommendation:

The Finance Committee recommends Favorable Action on this article.

To see if the Town will vote to raise and appropriate Two million eighty one thousand Four hundred seventy five and no cents (\$2,081,475.00) as its share of the operating and capital costs of the Upper Cape Cod Regional Vocational-Technical High School District for the Fiscal Year July 1, 2010 through June 30, 2011, or to do or act in any manner relative thereto.

Inserted by the Upper Cape Cod Regional Vocational-Technical School District

The Board of Selectmen Voted:
The Finance Committee Voted:

Favorable Action 4-0-1
Favorable Action 8-0-0

Explanation:

The Town of Wareham is one of five towns that participate in the Upper Cape Cod Regional Vocational School. Our participation is 225 students, up from 214. The Wareham per pupil cost is approximately \$9,500.00 per student (compared to Falmouth at \$14,400.00). The main driver of the lower cost is the formula-driven Chapter 70 aid that Wareham receives from the State. In addition to the day-to-day programs, Upper Cape has conducted evening programs for several years and they normally generate about \$500,000.00 a year gross and \$100,000.00 after all expenses. The residual goes to build new facilities and other tasks not included in their budget. In addition, the school has approval from the Town of Bourne to build a wind turbine, which could completely eliminate the purchase of a one million kilowatts per year of electricity (at a current cost of \$200,000.00 per year). Since capital costs are involved, the issue is being studied to try and determine the best course of action.

Recommendation:

The Finance Committee recommends Favorable Action on this article.

ARTICLE 8

To see if the Town will vote to appropriate a sum of money from the wastewater enterprise revenue in accordance with Chapter 44, Section 53F-1/2 of Massachusetts General Laws to defray the operating and capital expenses of the Water Pollution Control Enterprise Fund for the fiscal year beginning July 1, 2010, and ending June 30, 2011, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen

The Board of Selectmen Voted:	Favorable Action 5-0-0
The Finance Committee Voted:	Favorable Action 8-0-0

Explanation:

The WPCF budget has been set at \$5.47 million, a *reduction* of \$320,000.00 from FY2010. The main drivers of the reduction are “wages” with both “overtime” and “on-call” being reduced by \$150,000.00(to zero). Regular wages are also forecasted to be reduced by \$120,000.00. These three wage items total \$270,000.00, the bulk of the reductions. Several years ago, the Board of Selectmen concluded that the sewer users were being unfairly burdened with “indirect” administrative costs and over the past three years, those costs have been eliminated. Also, for the past several years, the

"Betterment Retained Earnings" account has been a source of "funding" to maintain or reduce sewer rates and the Finance Committee took issue with this and pointed to State protocols which also frown on such an activity. For fiscal 2011, this practice has also been *discontinued* (compared to a \$355,000 drawdown in 2010 and in excess of \$400,000 in 2009). Further, the new administration has agreed with the Finance Committee's suggestion that a detailed cash-flow statement be developed, by year, looking out at least 15 years to match up all potential revenues against all costs, and as noted, to do so year by year.

Areas of particular interest to the Finance Committee center on betterments, *particularly those that are paid up front and result in a "cash surge"*, but have obvious obligations attached to them going down the road. In addition, we are asking that money be set aside specifically for *preventive maintenance*. The combination of water and chemicals is not something that one would characterize as a "benign" atmosphere and we would make the offer to any towns person who believes to the contrary that when a pump breaks down, that they can come down to Town Hall and grab a phone to deal with "incoming".

Once the projections are in hand with firm numbers, we will be in a position as a Town to make definitive and accurate assessments as to precisely where and what we should do, short of that is mere speculation. Without getting too technical, the expression "retained earnings" has one meaning and one meaning only in business. It is the residual after all current and *projected* expenses and obligations are accounted for. While many people think of the term "reserves" as being equivalent to "retained earnings", they are not. Reserves are a liability, an obligation, and in setting them up, they reduce retained earnings.

The Finance Committee recommends Favorable Action on this article.

The Board of Selectmen Voted: Favorable Action 5-0-0

The Finance Committee Voted: Favorable Action 8-0-0

Explanation:

The EMS budget is flat year-to-year at approximately \$770,000.00. Their single biggest expense is wages (\$460,000) and overtime (\$155,000), both staying constant from 2010. Their next biggest expense is billing services budgeted for \$46,000.00. The service is very much dependent on Medicare reimbursements, so any changes at the Federal level might have an impact.

To see if the Town will vote to authorize the Board of Selectmen, pursuant to M.G.L. c. 40, s.15A, to lease the care and custody of the real property and improvements thereon known as Westfield Site, more specifically located at Charlotte Furnace Road, consisting of 18.5 acres, more or less, and identified on Wareham Assessor's shown as Assessors' Map 105, Parcel 1001 and Assessors' Map 105A, Parcels 107 through 130 and Parcels 162 through 175 and Parcels 198 through 213 and Parcels 215 through 221 and Parcels 229 through 238 and Parcels 259 through 287, and described in the instrument recorded with the Plymouth District Registry of Deeds in Book 4314, Page 189, said portion containing 24.49 acres, more of less, being the premises shown as Westfield Overall Plan surveyed by G.A.F Engineering on May 11, 2006, to be placed under the Selectmen's care and custody for the purposes of continuing and expanding the use of the parcel for affordable senior rental housing and further, to authorize the Board of Selectmen, if the Board of Selectmen so vote, to lease or convey said property and improvements for the purposes of improving, expanding and the perpetual management of the property for affordable rental housing pursuant to the requirements of M.G.L. c.40, s.3 and M.G.L. c.30B, et seq. and upon terms and conditions acceptable to the Board of Selectmen and pursuant to the authority granted the Board of Selectmen by M.G.L. c.44, s.55C, and further, that if the Board of Selectmen is to lease for a maximum of 99 years said property, that lease be subject to the prior placement of a restriction on said property, including but not limited to that

Inserted by the Board of Selectmen

The Board of Selectmen Voted:	Favorable Action 4-1-0
The Finance Committee Voted:	No Action 5-3-0

Explanation:

We will not go into the pros & cons of Westfield. One's school of thought holds that we should take care of what we have, specifically dealing with Agawam Village and the Housing Authority's desire to build & then rehab current units. Were that to happen, approximately 40 new units would be added to the Town's available housing stock for senior citizens. The other view holds that Westfield could add over 175 units in several phases. Five proposals came in, but three had suggestions of income ranges above what might be considered low-income. The Finance Committee voted in the negative on this article last year in a split vote.

Recommendation:

The Finance Committee's vote majority vote of No Action on this article parallels the vote of last year. Those on the Finance Committee that voted in the negative were of two minds on this issue. First, the issue had been acted upon by Town Meeting previously and the feeling was that the matter had been properly addressed. In addition, the Finance Committee is on record as favoring the building of new units at Agawam Village, moving current residents and then rehabbing the current units, adding approx. 40 units to our housing stock. Also, Agawam Village is very convenient to downtown and an objective of our business development.

This article would allow the Town to lease the building on Viking Drive to the Boys and Girls Club under a long-term lease.

The Boys and Girls Club has occupied the Town-owned building across from the Middle School since 1982. The building is in need of repairs and remodeling. The organization hopes to undertake a capital campaign to raise funds for renovations and improvements which will include a drop-in center for Middle School students. Such improvements are not practical under the current five-year lease. With a long-term lease, they would be able to seek outside financing and grants.

Recommendation:

The Finance Committee recommends Favorable Action on this article.

This article would allow the Town to lease the building on Viking Drive to the Boys and Girls Club under a long-term lease.

ARTICLE 25

To see if the Town will vote to petition the General Court for special legislation revising the Town Charter in accordance with the recommendations of the Charter Review Committee, which may be found in a document entitled, "Charter Review Committee-Proposed Town Charter," as on file with the Town Clerk, and provided for the adoption of a new charter with an elected Town Council to be comprised of precinct and at-large councilors who shall serve for 2 year terms, an elected Mayor who shall serve a term of 4 years, an elected Town Clerk who shall serve a term of 3 years, and an elected School Committee whose members shall serve for terms of 3 years. The "Proposed Town Charter" is available on-line or a copy is available for review at the Town Clerk's office or the Wareham Free Library (copies available but copy charges will apply). The new charter shall not take effect in the Town until approved by the voters at an annual or special election; provided, however, that the General court may make clerical or editorial changes of form only to the bill.

Inserted by the Board of Selectmen at the request of the Wareham Charter Review Committee

The Board of Selectmen Voted: Favorable Action 0-0-5
The Finance Committee Voted: Favorable Action 3-3-2

Explanation:

This article is brought to Town Meeting by the Charter Review Committee

that was appointed by the Board of Selectmen. The Committee is recommending the Town of Wareham abandon its current form of Town Meeting form of government and replace it with an elected Town Council from each precinct and members at large and replacing the current Town Administrator's position with an elected Mayor. The Town Clerk and School Committee would remain as elected positions.

Recommendation:

The Finance Committee was split on the vote for this article. Those in favor of moving to a different form of government noted that Town Meeting tended to represent a very small percentage of the population and when critical votes came up, proponents on either side of an issue tended to dominate the proceedings. Those who wished to continue with Town Meeting felt that perhaps we might be entering a "new era" and that Town Meeting could work.

ARTICLE 26

To see if the Town will vote to amend the Town's By-Law, Section to Division II, Article 1 to read as follows:

Section 3 to Division II, Article I to the town's bylaws currently reads as follows:

No person shall deposit any ashes, tin cans, old apparel, leaves or any other rubbish, decayed matter or garbage on any street except in a proper container. Whoever violates this bylaw shall be liable to a penalty of not more than two hundred dollars (\$200.00) for each offense.

The Minot Forest Committee recommends an insertion of "or along" after the words "garbage on" and before "any street". After the word "street", we recommend inserting "or any property owned or leased by the Town of Wareham or any of its subdivisions". After the phrase "except in a proper container", we recommend inserting "for pick-up."

We also recommend increasing the maximum penalty to \$500.00 for each offense.

Section 3 to Division II, Article I to the town's bylaws would then read as follows:

No person shall deposit any rubbish, trash or garbage of any kind, on or along any street or any property owned or leased by the Town of Wareham or any of its subdivisions, except in a proper container for pick up. Whoever violates this bylaw shall be liable to a penalty of not more than five hundred dollars (\$500.00) for each offense.

The above changes would interalia support any claim by the town for encroachments on the Minot Forest by people using the forest to dump their grass, leaves etc.

Inserted by the Board of Selectmen at the request of the Minot Forest Committee

The Board of Selectmen Voted: Favorable Action 5-0-0
The Finance Committee Voted: Favorable Action 7-0-0

Explanation:

This article seeks to amend Section 3, Article I (Street Rules) of Division II of the Wareham Town Bylaws, to read as indicated in *bold face type*. The effect of this article is to expand the areas subject to the rubbish, trash, and garbage disposal criterion to include Town-owned and leased property. The fine for each violation would be increased from a maximum of two hundred dollars (\$200.00) to a maximum of five hundred dollars (\$500.00).

Recommendation:

The Finance Committee recommends Favorable Action on this article. Favorable Action supports a Bylaw that encourages more respect for the community and our environment. Less thoughtful individuals may receive a significant fine.

3. The Conservation Commission may waive or reduce the No Activity Zone requirements listed above if in its judgment such a reduction is necessary to accommodate a project that will have an overall benefit to the public and/or to the environment (such as a sewer expansion project, or a wildlife enhancement project).

4. The No Activity Zone requirements set forth in this Section shall not apply to any structures or site work that is defined as the normal maintenance or improvement of Land In Agricultural Use under 310 CMR 10.04, "Agriculture".

5. The No Activity Zone requirements set forth in this Section shall not apply to projects requiring Chapter 91 Licenses, freshwater dock projects, repairs of existing Chapter 91 Licensed structures, or to other coastal engineering structures deemed by the Conservation Commission to be necessary to protect the interests of the Massachusetts Wetlands Protection Act and this By-law.

6. The No Activity Zone requirements set forth in this Section shall not apply to projects involving the repair, but not expansion of, existing and lawfully located buildings and structures, including roads, culverts, utilities, septic systems, or storm water drainage structures, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen at the request of the Conservation Commission

The Board of Selectmen Voted: Favorable Action 4-0-1

A number of exceptions to Section XVIII of the Bylaw are also indicated.

Recommendation:

The Finance Committee and the Capital Planning Committee recommend Favorable Action of this article.

The need to replace police cruisers was necessitated by their extremely poor shape and this was self-evident. Monies through a grant was immediately available and action was taken. Given that the cruisers are the officers' office for recording devices, computers, communications, transportation, heating and cooling, we should ensure that they have adequate facilities. Regardless of procedural issues, the need and grant money were available. In coordination with the Police Chief, as well as the Capital Planning Committee and the Finance Committee, the Town Administrator took immediate and necessary action.

Inserted by the Board of Selectmen at the request of the Community Preservation Committee

The Board of Selectmen Voted: Favorable Action 5-0-0
The Finance Committee Voted: Favorable Action 7-0-0

Explanation:

This article is intended to provide \$50,000.00 to the Wareham Housing Authority to walk the existing Agawam Village reconstruction design project to fruition. This project has been studied at length and this article will move this project forward in obtaining permits to install additional units at Agawam Village.

Recommendation:

The FinCom voted unanimously in December 2009 to support the Wareham Housing Authority's desire to build new units at Agawam Village, move current residents to the new units, and then rehab the existing units, thus, adding approximately 40 new residences to our housing. An added benefit would be that the population density in the downtown area would be increased; a benefit to downtown merchants. The Favorable Action vote by the FinCom on this article continues that support.

Inserted by the Board of Selectmen at the request of the Community Preservation Committee

The Finance Committee Voted: Favorable Action 7-0-0

Explanation:

This article is designed to provide a subsidy in the amount of \$50,000.00 to a private contractor as long as the contractor agrees to a restriction that makes the housing unit part of our affordable housing stock.

Recommendation:

The Finance Committee recommends Favorable Action on this article. This article is quite unusual. The Community Preservation Committee wants to embark on what amounts to a new path; to provide funding as a grant to a

developer (in this case) to either rehab or build a home. Discussion within the Finance Committee centered, in part, as to whether the Town might also have a modest equity interest. The Finance Committee is totally supportive of the idea of rehabbing residences where possible.

ARTICLE 46

To see if the Town will vote to appropriate from the Community Preservation Fund unallocated fund balance, or any other available monies in the Community Preservation fund, under the category of Historic Preservation, the sum of \$20,500 as a grant to the American Legion Post #220 for the roof project at the South Wareham School House, so-called, also known as American Legion Post #220, and located at 777 Main Street, Wareham, and further, that a grant agreement shall require the grantee to grant to the Town a preservation restriction in said building, and to authorize the Board of Selectmen to accept said restriction, or to do or act in any manner relative thereto.

This article will allow the transfer of Community Preservation Funds in the amount of \$20,500.00 to install a much needed roof to the South Wareham School House, so-called, also known as American Legion Post #220 located at 777 Main Street.

Recommendation:

The Finance Committee recommends Favorable Action on this article. It is the understanding of the Finance Committee that the State mandates that the American Legion, as an organization, receives certain benefits, including in this case, needed repairs to the South Wareham School House where the American Legion resides, hence the request.

Strictly an aside, the Town should be giving more consideration to preventative maintenance. Leaking roofs are much too common in Town and are symptomatic of not taking care of a problem before it escalates into a more serious issue.

ARTICLE 47

To see if the Town will vote to appropriate from the Community Preservation Fund FY 2011 estimated annual revenues, or any other available monies in the Community Preservation Fund, the sum of \$245,000 under the category of Historic Preservation, for the roof restorations of the Town-owned Tremont Nail Main factory building and the Freight building, located at 15 Elm Street, Wareham, MA, or to do or act in any manner relative thereto.

Explanation:

This article seeks to appropriate from the Community Preservation Fund the sum of \$245,000.00 for the roof restorations of the Town-owned Tremont Nail Main Factory building and the Freight building, located at 15 Elm Street.

Recommendation:

The Finance Committee recommends Favorable Action on this article. The intent is to try and secure structures and keep them from further harm. While not quite on point, the suggestion about preventative maintenance in Article 46 above, has some relevancy here as well.

ARTICLE 48

To see if the Town will vote to appropriate from the Community Preservation Fund unallocated fund balance, or any other available monies in the Community Preservation fund, under the category of Open Space; the sum of \$275,000 for the purchase of a conservation restriction for the Wareham Land Trust, Inc. with respect to approximately 35+/- acres of the property commonly known as the Former Robbins Trout Hatchery, located at Main Street, West Wareham, and designated as follows: Assessor's Map 80, Lot 1004; Assessor's Map 86, Lots A and B; Assessor's Map 88, Lot 1008; and a portion of Assessor's Map 88, Lot 1007A, to include all but approximately one acre of the existing parcel (as shown on a sketch plan on file with the Town Clerk), and to authorize the Conservation Commission to accept such restriction; all as recommended by the Community Preservation Committee for meeting the Open Space Goal of the Wareham Community Preservation Plan, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen at the request of the Community Preservation Committee

The Board of Selectmen Voted: No Action 5-0-0

The Finance Committee Voted: No Action 6-2-0

Explanation:

This article deals with the potential purchase of land and subsequent Conservation Restriction. It is somewhat complicated because the land is involved in bankruptcy proceedings.

Recommendation:

The Finance Committee first voted Favorable Action on this article, but then reconsidered that action in large part because of concerns that legal entanglements loomed in the horizon and that we felt uncomfortable with getting in the "middle" of this while the legal issues were still in discussion.

ARTICLE 49

To see if the Town will vote to appropriate from Community Preservation Fund unallocated fund balance, or any other available monies in the Community Preservation fund, under the category of Open Space, the sum of \$100,000 and appropriate from Community Preservation FY2011 estimated annual revenues, or any other available monies in the Community Preservation fund, the sum of \$155,000 under the category of Open Space, for the acquisition of the Northern portion of the parcel of land now or formerly owned by BKT Realty Trust; Tucs Enterprises Inc., Trustee, described as Assessors Map 117, Lot 1005A, containing 110 +/- acres, (as shown on a sketch plan on file with the Town Clerk); and to authorize the Board of Selectmen to acquire said property; and further, to authorize the Board of Selectmen to grant to a nonprofit organization a conservation restriction in said property, all as recommended by the Community Preservation Committee for meeting the Open Space Goal of the Wareham Community Preservation Plan; or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen at the request of the Community Preservation Committee

The Board of Selectmen Voted: Favorable Action 3-2-0

The Finance Committee Voted: Favorable Action 7-0-0

Explanation:

This article deals with the potential purchase of land and a subsequent Conservation Restriction on said land.

Recommendation:

The Finance Committee voted Favorable Action on this article. This article potentially has some ingredients of Article 48, but there seems to be no controversy at this current time.

ARTICLE 50

To see if the Town will vote to amend the vote taken under Article 11 of the 2009 Fall Town Meeting that appropriated \$200,000 from Community Preservation Fund FY2010 estimated annual revenues for the design and engineering phase of the Wareham Community Pathway, by reducing the amount appropriated from the Community Preservation Fund FY2010 estimated annual revenues to \$50,000 and by appropriating the sum of \$150,000 from the Community Preservation Fund unallocated fund balance, or any other available monies in the Community Preservation fund, for such purposes, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen at the request of the Community Preservation Committee

The Board of Selectmen Voted:	Favorable Action 5-0-0
The Finance Committee Voted:	Favorable Action 7-0-0

Explanation:

This article does not change the “amount”, but only changes the internal (to Community Preservation) sources.

Recommendation:

The Finance Committee recommends Favorable Action on this article. This article deals with reallocation of funds and while not quite a “housekeeping” item, it tends in that direction.

The Finance Committee Voted:	Favorable Action 7-0-0

Explanation:

This article seeks to amend the Wareham Zoning Bylaw, dated May 14, 2007. The parcels described in the article are currently zone Industrial, Commercial Strip, & MR-30. The article proposes to change the zoning of the parcels described to Commercial General.

Recommendation:

ARTICLE 53

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of \$100,000 to the Stabilization Fund, or to do or act in any manner relative thereto.

Inserted by the Board of Selectmen

The Board of Selectmen Voted: Favorable Action 4-1-0
The Finance Committee Voted: Favorable Action 7-0-0

Explanation:

Wareham used to have a Stabilization Fund, but over the past several years, it served as a mechanism to balance the Town budget and as a consequence, we have had no buffer against any of the financial vagaries that beset us. To put this in perspective, as of fiscal 2008, in a Department of Revenue document, Wareham was fifth worst out of over 350 cities & towns by one measure of our fiscal probity, and to the Finance Committee, that was not company that we wanted to keep. Quite to the contrary. The amount that we are suggesting is modest to be sure, but we all want to develop a mindset that in effect says we are going to save money and yes, we know that we are going to forgo something in the interim, but we the Town agree, we have to be more "prudent".

In addition, the new administration has agreed that we should develop some sort of "formula" that we can look to and use on a going-forward basis in order to know that each year, we will set money aside. Many towns will set aside a percentage of the Town budget as a reasonable goal, and while we have not as yet set such a target, we would hope that we might reach perhaps 1% of each fiscal budget, which if based on our average tax revenues of approximately \$30 million a year. This would have us setting aside \$300,000.00 per year for Stabilization. The current buzz-word around the Town and the State is "economic development".

While it is attractive to think of local businesses expanding, businessmen and women, *who know nothing about Wareham*, are much more likely to be attracted to moving their operations here, to Wareham, if they both see *and* sense that we truly want to run a focused, well disciplined, operation. They have to on a day-to-day basis and they would expect their one-step removed partner, the Town, to act in the same manner.

In putting money aside, we forego or delay current activities, but we help to ensure our future.

Recommendation:

The Finance Committee recommends Favorable Action on this article.

ARTICLE 54

To see if the Town will vote to accept the layout of Bethel Way (assessor's Map 95, Lot 1012, County Road, West Wareham) as a public way and to raise and appropriate or transfer a sum of money to reconstruct the roadways, or to do or act in any manner relative thereto.

The Board of Selectmen Voted:	No Action 5-0-0
The Finance Committee Voted:	No Action 7-0-0

Explanation:

This article seeks to have the Town vote to accept the layout of Bethel Way as a public way and to raise and appropriate or transfer a sum of money to reconstruct the roadways.

Recommendation:

The Finance Committee recommends No Action on this article. The Finance Committee feels the acceptance of roads and byways is a function of the Board of Selectmen and other Town bodies having responsibility for planning and zoning. The Finance Committee feels that the established procedures are adequate.

ARTICLE 55

Inserted by Joe Chiaraluce, et al.

The Board of Selectmen Voted: Indefinite Postponement 4-0-1
The Finance Committee Voted: Favorable Action 6-1-0

Explanation:

This article is a citizen's petition article that seeks to create a committee to study the potential uses and long-term leasing of the property taken by eminent domain at Swifts Beach.

Recommendation:

A majority of the Finance Committee recommends Favorable Action on this article. This article has come up previously and the Finance Committee felt that it would be advisable to adopt the article for what amounts to further study by a select group.

ARTICLE 56

To see if the Town will vote to amend the Wareham Zoning Bylaw by rezoning the parcels of land and buildings thereon located on Cranberry Highway and shown on Wareham Assessors Map 133 as Lots 1000, 26 & 27 respectively from MR-30 to General Commercial, or to take any action in relation thereto.

NOTE: This article has been reproduced exactly as presented, in accordance with the law.

Inserted by Albert W. Gregory, et. al.

The Board of Selectmen Voted: No Action 5-0-0

The Finance Committee Voted: No Action 5-2-0

Explanation:

This petitioner's article seeks to amend the Wareham Zoning Bylaw. Currently, parcels identified on Assessors Map 133 as Lots 1000 & 27 (across Cranberry Highway from Perry's Ice Cream, between Meadowlark Drive and Sandusky Drive) and Lot 26 entirely on Meadowlark Drive are zoned MR-30 (Multiple Residence on 30,000-45,000 sq. ft. lots). The requested Bylaw change would make these three lots General Commercial.

Recommendation:

The Finance Committee voted No Action by a vote of 5-2-0. The majority of the Finance Committee felt that rezoning articles of this nature should be reviewed by the Planning Board before being presented to Town Meeting. The minority recognized that a Variance has already been granted for a portion of Lot 1000 and that this article simply expanded the Commercial General to two adjacent lots.
